Hi Fran and Melissa,

Sorry for the delay in responding, I was out a few days with the flu. I am available on Thursday morning from 9 -10 am and Friday afternoon from 1- 2 pm. In terms of plans for the next meeting with EPA, Ecology, and tribal leadership, my recollection is that we were waiting to see what happened with the change in Ecology leadership. In the meantime, EPA has been contacted by other WA tribes who are wondering why they have not been invited to the meetings with NWIFC. So it would be helpful to talk with you about options to address that concern. On a related note, I believe you two are aware of a staff-level call we've scheduled for early February with all the WA tribes/consortia. We have done something similar in Idaho and found it a good way to share FCR-related information more broadly. Thanks.

Angela Chung

Hello Melissa: Thank you for thinking about this. I think it would be great for the three of us to talk together. Let me know what timeframe could work for you.

Thank you.

Fran

Subject: Tribal leadership meetings

Angela and Fran---

Hey we are having our next Water Quality Policy forum meeting on February 8th. This meeting is going to focus on risk levels and I suspect might be challenging. So thinking about this... and thinking that the meeting is going to stimulate some energy...wondering where you are in setting up tribal/EPA leadership meetings? Should the three of us get together and talk soon?—Worrying----Melissa

Melissa Gildersleeve, Section Manager, Water Quality, Department of Ecology [360-407-6461](tel:360-407-6461)
